

**Paddock option**

There are a limited number of small horse-friendly paddocks available directly across the road from Takapoto Estate. There is also the option to be based there, as there are a limited number of stables near the paddocks.

Each paddock will have a trough and shade trees. There are tall hedges between all paddocks making a safe horse environment.

Paddocks \$180 for the duration of the Show.

Stables \$250 for the duration of the Show.

These will be allocated by Takapoto Estate and priority will be given to competitors traveling from the South Island first, then those who are traveling from afar and those with horses in the young horse classes.

Takapoto Estate's decision will be final and there will be no negotiations entered into.
