1. NOMINATION CONDITIONS FOR CHAMPIONSHIP CLASSES

How many starts

A rider may not ride more than three horses in any one championship division but in the case of excessive entries, the organising committee reserve the right to restrict a rider to two starts.

A rider may compete in two consecutive divisions, i.e. Junior and Young Rider or Young Rider and Senior. Competitors whose age allows them to compete in two divisions may do so but only if on different horses.

Senior Championship Riders: A rider is considered a Senior Rider from the commencement of the year of their 18th birthday.

Please note Ring 1 draws take precedence over Ring 2, 3 & 4.

First Final Competition:

Table C over a Table A course Art. 239. No jump off in case of equal time. Competitors who are eliminated or who retire in the first round final competition are permitted to continue to the second final round, but will not be eligible for points on the leaderboard. A random draw will be conducted for First Final Competition.

Second Final Competition:

Table A Art. 238 2.2. This is a completion against the clock, but in the event of equality of penalties for first place, there will be one jump off against the clock. Other athletes are placed according to their penalties and time in the first round.

Draw for the Second Final competition will have athletes in the reverse order of points from the first final competition.

In the first two competitions of the Championship classes, points are given to all competitors having finished the initial round. Points are allocated as follows- The winner of the competition gets one point more than the number of starters in the First Final competition. The second placed gets two points less than the winner, the third placed three points less than the winner, and so on. Points won by competitors who are tied are added up and divided equally. Fractions of 0.5 and more are rounded up; fractions of less than 0.5 are rounded down.

Third Final competition:

Table A Art. 273.3.3.2. 4.3 This competition comprises, with the same speed, two courses identical or different either track, or in number of obstacles, or in the dimensions of the obstacles. The first round is not against the clock, the second round will be against the clock. For the final competition of the Australian Championships-Grand Prix, athletes will start in the reverse order of the points obtained from the first two competitions.

Eligibility for the first round of the Third Final competition -

Only the top 30 Juniors, top 25 Young Riders and top 20 Seniors qualified after the previous two competitions will be allowed to start in the third final competition. Qualified riders unable to start will not be replaced.

Transformation of points to penalties

After the second Final competition, points are transformed into penalties. The competitor with the highest number of points after two competitions will have 0 penalties. For all other competitors the number of penalties will be calculated by multiplying with the coefficient of 0.50 the difference between their number of points and the points of the leading competitor after two competitions. In this procedure all decimals are rounded down.

Determination of the Australian Champion

The overall winner will be the competitor with the lowest number of penalties after the Three Final competitions. If competitors are tied for first place after the three final competitions, there will be a jump-off against the clock over a reduced course of at least six obstacles. In case of equality of penalties and time in this jump-off a second jump-off, against the clock, will be held over the same course. Competitors not in the jump-off but tying on penalties are placed equal.
