SHOWJUMPING AND SHOWHUNTER CONDITIONS

21. Age Group (5,6 & 7) Championships – these competitions will be over three rounds one on each day of the event. These rounds will be judged under Table A (Article 238.1) over one round without a jump off. The winner will be the horse with the lowest number of penalties over the 3 rounds. If there are equal penalties for the first place, there will be a jump off. If there are further equalities of penalties then the fastest time will decide the winner. All other conditions will be as for the series competitions. A qualification standard may be applied for horses starting on the final day down to a minimum of 12. The top 6 placed horses in each age group series before this event begins will automatically be granted a place in the final regardless of the number qualifying as long as they have competed in the two previous rounds at this show.

22. Starting order for the 5, 6, and 7 year old championships, the first round will be in reverse order of the horses placing in the respective age group series. Those horses that have not had points in the series will be placed in a draw and will start before the horses that have obtained series points. In the second round, the horses take part in reverse order of their penalties from the first round. Those with equal placings will start in the order they were drawn for the first round. In the third round, the starting order will be in the reverse order of placings after the two previous rounds. Where there is equality of placings, these horses start in the order they were drawn in the first round.
23. Riders may enter in either the Amateur or Junior divisions, but not both.
24. Horses taking part in age group championships may not take part in any other show jumping class unless they have retired from age group classes with the exception of those competing in Junior and Amateur rider classes.
