General Comment

While small Devolution makes up for it with his exceptional ability and temperament. He loves to jump and is currently schooling 1.20 with ease and would make an ideal Junior Rider mount for next season. Devolution's dam is out of a full sister to Jeep Super Moth and his sire Discern LS represents some of NZ's best eventing blood lines.

Devolution LS is a very willing and honest horse and would also be ideally suited for someone that is moving from Ponies onto horses.
