THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.

2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.

4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: www.fei.org

EQUIMAX[®] LV
IVERMECTIN

STRATEGY[®] T
Oral Broad Spectrum Worm Paste for Horses

Strategy-T[®] and Equimax-LV[®]*
your knock-out combination
in the fight against worms.

Rotate Strategy-T[®] with Equimax LV[®] and worms won't know what hit them.

Virbac horse wormers work together like a one-two punch: each treatment uses a different active ingredient so that any worms which may be resistant to one will be knocked down by the other.

Strategy-T[®] is the leading Non-Mectin horse wormer, which means it can treat Mectin and BZ resistant worms. This makes Strategy-T[®] the perfect rotation partner for traditional Mectin wormers such as Equimax LV[®]. What's more, it's been proven to be effective in local conditions during NZ based trials.

Strategy-T[®] and Equimax LV[®]:

- ▶ Are safe to use on all horses including foals, pregnant mares and breeding stallions.
- ▶ Both come as a tasty, flavoured paste that's easy to administer.
- ▶ One oral syringe can treat a horse that weighs up to 700kg.

A rotational attack is your best defense against worms.

*Ivermectin oral paste for horses. ACVM Nos. A10923 and A8044

Let us introduce some of our main feeds!

EASIRIDE – A cost-effective favourite! Non-heating. Great maintenance feed. Well-priced. Beats raw grain feeds. Ideal for good doers and horses and ponies that don't need too much feed or gas in the tank! The official NZ Pony Club feed

EASIRESPONSE – Best value extruded feed per kg. Ideal for holding or putting on condition. Perfect for horses in higher competition or at shows most weekends.

EASIRESLT – Pryde's No. 1 Feed for fussy horses. Suitable for higher workload and conditioning. Typically non-heating. Similar job to Response but a sweetfeed.

EASISPORT – The No-grain option. This is the feed for you if horse or pony needs a No- grain competition feed.

150 BALANCER PELLET – Don't need a hard feed? Just want vits and mins? Try this low feeding rate supplement. Great for in the off-season or for overweight horses/ponies. Not needed if feeding recommended rates of feeds above.

THE HITS

THE HITS

- Music you know and love
- The very best presenters in New Zealand
- New, fresh and exciting, welcome to 'The Hits'. The Hits is designed to engage with today's adult listener. It's the place you go to feel happy, connect with likeminded people, laugh and sing along to all the songs.
- It's the go-to station for smart, busy women over 30 years old and men also love it. The Hits brings you local, national and international star talent and we've just doubled the local hours on air. Being local, being from here and talking about what is happening in town is a critical component to The Hits past and future success.

THE HITS CONSUMER

The Hits is a powerful advertising medium for targeting the big spending 30-54 demographic. Listeners fit neatly within the most active consumer group, the household shopper. They have established lifestyles and family commitments so they are big spenders on items such as furniture and household appliances, mortgages and financial products, cars and holidays, household grocery supplies and family entertainment.

The Hits is also found in most towns and cities across New Zealand so it provides excellent coverage for businesses in multiple markets.
