## SHOW JUMPING - ALL RINGS TO COMMENCE AT 8.30AM

90cm – 1mtr	1.05 - 1.10mtr
70cm - 80cm	90 cm – 1mtr

## CROSS JUMP RING TO COMMENCE AT 9 am

CROSS JUMP RING
65 CM
80 CM
95 CM

### **AM5 (instant jump off)**

This is a course of approximately 10 Jumps and a jump off. The rider **MUST** complete the first course in the time allowed with no faults to proceed through to the second round.

If the rider accumulates any time penalties or other faults they must stop once going through the finish flags of round one. They are not required to continue to the speed section and must leave the ring.

If the rider has gone clear they will proceed to the jump off which will be approximately 7 jumps. The fastest jump off time with the least penalties wins.

### **Table C**

Faults under table C are penalised in seconds which are added to the time taken by the rider to complete the round.

Obstacles knocked down while jumping add 4 seconds.

First disobedience no time added

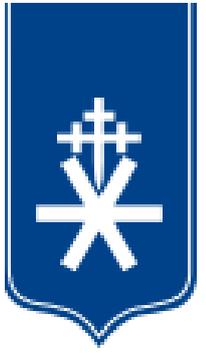

First disobedience with knock down and displacing of an obstacle = 6 seconds.

Third disobedience is elimination.

Adding the time round plus four seconds for each obstacle knocked down gives score.

### **Cross-Jump**

Optimum Time, Small course set of show jumps proceeding through to a small course of Hunter type fences.
