About Us

Barossa Valley Toyota is located in the township of Tanunda. Our Dealership has been serving the locals of the beautiful and historic Barossa Valley and its surrounding districts since being opened by the founding and current Dealer Principal, Gordon Alderslade.

Gordon has been in the car industry since graduating from school and was proud to open our original dealership site at 33 Murray Street, Tanunda in 1989, then employing only four staff. Due to our growth with an increasing market and a supportive loyal Barossa community, a need for re-location to a bigger and better facility eventuated. On 2nd August 2004, Barossa Valley Toyota commenced trading at its new and current home, 175 Murray Street, Tanunda.

Now 25 years later, with more than 20 professional and friendly employees, we are committed to making sure all your needs are catered for in sales, parts, service and repairs. We guarantee you will receive the best vehicle advice and competitive prices to give you that 'Oh What a Feeling' each and every time.

Mission Statement

At Barossa Valley Toyota, our aim is to supply quality vehicles and provide outstanding products and service in every aspect of our dealership, as well as maintain a high level of excellence that meets the needs of our customers.

Harbison Performance offer an Australian Made range of Premium Handcrafted Horse Feed, specifically designed for competition horses. Designed by leading equine veterinarians, and event proven. Available at selected fodder stores.

We also offer a range of Supplements including Premium Electrolytes, Vitamins and Hay. As veterinarians involved with performance horses, Thoroughbreds and Standardbreds, the vast majority of problems we see compromising performance result from imbalances between feeding and training. A wide range of medical problems such as dehydration, azoturia, or tying up, travel sickness, behavioural 'abnormalities' and colic are often traced back to an inappropriate diet.

Harbison Performance may not be the cheapest pellets on the market, but by the time you buy the extras needed when using most commercially available feeds, they become very economical. They are low starch with comparatively low protein levels (but sufficient for the horse's daily needs) which markedly stabilizes the hind gut.

Please contact us for a consultation or quote customised to your needs and your location.

Owned and managed by a certified Equine Vet Nurse, Oatesdale Park is a 150 acre Premium Agistment and Spelling Property situated in the Gawler Belt area. The property features fertile soils and superior grazing in one of the most productive regions of South Australia. Of the 20 paddocks, 8 are irrigated throughout summer via a plentiful supply of top quality underground water. Combined, these features make it a much sought after agistment location. All facilities are top class with a 65 x 35 Floodlit post and rail dressage arena, grass show jump area, round yard, 7 large stables, vet crush and laneways between paddocks. Irrigated Lucerne hay and cereal hay is also produced on the property. The main focus is now reproduction and providing a quality foaling down service. Veterinary support is provided by the University of Adelaide's *Equine Health and Performance centre* based at Roseworthy.

KNIGHT'S ROSES

Knight's Roses is a family-owned and operated company with a long and proud history dating back over 50 years. From humble beginnings, the SA company has flourished to become one of the largest rose suppliers in Australia.

Today, the company's office and distribution centre is based on 23 acres at Jack Cooper Drive, Gawler, and we supply nurseries in every Australian state as well as Christmas Island. Roses are grown four kilometres away on a large property that enables a good rotation of crops.

One of Knight's Roses greatest successes has been the Climbing Kardinal. The climber became the company's signature rose in 2002 when it was named 'Best Australian Bred Rose' by the National Rose Trial Garden of Australia. The success was relived two years later when Bridal Surprise took the same honour.

The company continues to go from strength to strength. The family attributes its success to hard work, industry knowledge, practical expertise and a passion for their craft, carefully cultivated over 50+ years in the industry.

- EA WAIVER/ DISCLAIMER: if for any reason the entry form is not signed (in case of junior signed by a legal guardian as well) you will not be permitted to start.

FEI ARTICLES

In Table A; In general the number that immediately follows the article number, indicates whether it is against the clock or not, 1 means not against the clock and 2 means against the clock. The final number indicates the number of rounds.

238.1.1 – A1 One round not against the clock. Optional jump off can be scheduled

238.1.2 – AM3 First round, not against the clock, with one jump off against the clock to decide placings. Equal times share places.

238.1.3 - AM4 First round not against the clock, with a jump off, again not against the clock followed by a jump off against the clock for first place.

238.2.1 – A2 One round against the clock and placed in accordance to faults and times. A jump-off may be used to separate placings with equality of points and time.

238.2.2 – AM5 Same as 238.1.2 with the time recorded in the first round to separate the equals amongst the minor placings

238.2.3 - AM6 Same as 238.1.3 with the time recorded in the first round to separate the equals amongst the minor placings

239 – TABLE C The fastest time wins. Seconds are added to the time where faults are incurred. Refusals cost time but are counted for elimination.

245.3 – AM7 Clear rounds jump off before leaving the arena. A bell will indicate a clear round to continue

245.5 – 2 Phase Competition (Power and Speed) 1st phase jumping Table A. If competitors fault they cannot continue and will get the bell to stop. If competitors are clear they continue through to the 2nd phase as a jump off.

262.3 – 6 Bar Competition

270 – Top Score

271 – Take your own Line

273 – Competition over 2 rounds. Two courses both identical and in reverse

274 – Competition in Two Phase

Championships

273.2.2 – At least 25% of the field are invited back, or all clear rounds

273.3.1 – Reverse order of penalties and time. There may be a cut off for the second round.

273.3.2 – Reverse order of penalties only. The draw stays the same as in the first round

273.3.3.1 – Reverse order of penalties and both rounds not against the clock. No third round

273.3.3.2 - Reverse order of penalties and time taken for jump off against the clock. No third round
