AM5 (instant jump off)

This is a course of approximately 10 Jumps and a jump off. The rider **MUST** complete the first course in the time allowed with no faults to proceed through to the second round.

If the rider accumulates any time penalties or other faults they must stop once going through the finish flags of round one. They are not required to continue to the speed section and must leave the ring.

If the rider has gone clear they will proceed to the jump off which will be approximately 7 jumps. The fastest jump off time with the least penalties wins.

Table C

Faults under table C are penalised in seconds which are added to the time taken by the rider to complete the round.

Obstacles knocked down while jumping add 4 seconds.

First disobedience no time added

First disobedience with knock down and displacing of an obstacle = 6 seconds.

Third disobedience is elimination.

Adding the time round plus four seconds for each obstacle knocked down gives score.

Style & Optimum Time

A course plan and rules will be at Arena Three.

Cross-Jump
