

Masterton A&P Showing Championship - Solway Show Grounds, Masterton
21st February 2021
TO ALL COMPETITORS AND SUPPORTERS

Firstly, thank you to all competitors who have supported the 2021 show in the new format. We are sincerely grateful to you all for supporting our show as the numbers entered are much more than last year! Under Level 1, the show will run as planned. If we remain at Level 2, we have a plan to carry on whilst adhering to the Level 2 Guidelines. We are a small Committee of three who have done our best to ensure that this Show can still proceed whilst ensuring we follow the COVID Level 2 guidelines. Please be kind as we are doing our best for you.

As the current climate is one in which alert levels may change rapidly Masterton A&P Showing Championships has implemented the following terms and conditions of entry. Please take the time to read all information sent to you carefully. Updates to this information will be emailed directly to your email address supplied with your entry. Masterton A&P Showing Championships will review the event status after the 17th February announcement.

Attached to this is our overview document of how the Masterton A&P Showing Championship will run if we are still in Level 2. The show will still run on the 21st February however under Level 2, the show will be split into four gatherings. You will be allocated a Gathering based on the section you have entered.

We are currently working through a possible plan for the Saturday Night Show to continue under Level 2.

Under Level 2, the sections will be split into gatherings of no more than 100. Please see the table below for these gatherings. You must stay within the gathering you have been allocated. For those entered across gatherings, you must stay in your allocated gathering. You can only leave this gathering when you are required to compete within another gathering at that specific time.

Important notes

- Once you have arrived and scanned into your gathering, we ask that you do not leave this or the grounds till after you have finished competing.
- Arrive no earlier than required.
- Once you have finished competing, you must leave the Grounds as soon as practical. Please do not stay to watch others.
- Each horse/pony entered on Main Events will have one handler/rider and one support person allocated to them.
- There will be toilets in every gathering however we can not provide showers for all gatherings.

If the show is confirmed to proceed under Level 2, we will provide further detail later this week regarding:

- Process, timetable and map for the Saturday Night Show
- Details for arrival times and parking process. Please note that once on the grounds, you can not leave until you have finished competing.
- Confirmation of section timings. Please see below for the draft timetable of events running under Level 2.
- Details of the Supreme horse or pony process for this competition.
- Any, if required, judge amendments.
- A detailed COVID plan for all competitors and supporters
- A detailed map of the grounds including stable / toilet blocks available

There is also a map of grounds attached which shows the gathering locations. Each gathering will have sufficient stables, covered yards or open yarding for those allocated to that gathering.

Thank you for your patience with this,

Josie, Sophie and Sue
