#### **Show Office is a REMOTE SECRETARY**

Main-Event launches the REMOTE SECRETARY! This is a full show secretarial service but without the additional cost of having to run an office with staff in person ... but running remotely!

We trialed the service at several shows in Takapo earlier in the season and are now proud to implement for the Central & Sthn Hawkes Bay Showjumping Championships.

***Under Covid restrictions***

- all classes will be in draw order including show hunter
- all changes and scratchings must be in by 5:00 pm the night before
- no late entries or swaps on the day.

You can notify us (remote secretary) of all changes online by going to the show page, to the ONLINE ENTRY tab (where you enter online) and clicking the green button to leave a message (as below).

We are keeping an eye on this so will deal with it quickly and safely in one place. Once done, we tick it done. No lost emails or messages! Please do not email us directly over the show as messaging is our preferred option!

⚠ Online entry is closed

Class Changes/Other Messages

Once all changes have been processed by our remote secretary, a revised draw will be posted online and a catalogue of entries posted under DOCUMENTS – you will get a message and link to view. This will be in a one column format to make it easier to view on your phones.

Revised draws should be posted by 7:00 pm the night before. A copy of the draws for the day will also be posted at the office each morning. Please note, the revised draws only account for late entries which start first and scratchings so that the original draw posted online in the class lists is basically your start position – give or take a few places.

***If your internet access doesn't work*** - As a last resort, you are welcome to ring **Anne (remote secretary for this show) at 027 482 0221** and we can go through changes over the phone. And if you can't reach Anne, try Vic at 06 378 8985 after 12:00 pm.
