

Masterton A&P Showing Championship - Solway Show Grounds, Masterton
19/20th February 2022
TO ALL COMPETITORS AND SUPPORTERS

Firstly, thank you to all competitors who have supported the 2022 show in the new format. We are sincerely grateful to you all for supporting our show as the numbers entered are much more than last year! We are a small Committee of three who have done our best to ensure that this Show can still proceed whilst ensuring we follow the COVID Red Traffic Light guidelines. Please make our role easier and read the Covid Response Plan attached. You have been allocated a Gathering which is you parking & stabling gathering.

Unfortunately 2022 has thrown as a few curveballs:

1. Moving to Red resulted in the removal of the popular Musical Classes. We hope to bring these back next year!
2. The last two weekends have seen the Wairarapa receive significant rainfall and flooding. Due to this, we have made the decision to move some sections to other rings. This does mean we can not host the Working Hunter in the Main Oval as we can not move our portable jumps into here. The footing is fantastic for competing, but we do want to ensure it also is for future events.

Under RED, the sections will be split into gatherings of no more than 100. Please see the table below for these gatherings. You must stay within the gathering you have been allocated unless competing.

Important notes

- Once you have arrived and scanned into your gathering, we ask that you do not leave this or the grounds till after you have finished competing.
- Arrive within the allocated gate times provided. If you can't, please contact us.
- Once you have finished competing, please leave the competition zone as soon as possible. At the completion of your competition, please leave the Grounds as soon as practical. Please do not stay to watch others.
- Each horse/pony entered on Main Events will have one handler/rider and one support person allocated to them (or as entered in Main-Events when you entered).
- There will be toilets in every gathering however we can not provide showers for all gatherings.
- Office Hours for the Secretary Office are 7-8am & 4-5pm. Please feel free to use the messaging service in Main-Events for any class changes PRIOR to 5pm the day prior.

There is also a map of grounds attached which shows the gathering locations. Each gathering will have sufficient stables, covered yards or open yarding for those allocated to that gathering.

Thank you for your patience with this,

Josie, Sophie and the team at Masterton A&P Assn.

Masterton A&P Showing Championship Committee
